

# CONFERENCE NEWSLETTER

## Number 2

Another month – another meeting of your District 9630 Conference 2010 planning Committee.

At the time of the meeting, more than 50 Registrations have been finalised; new Applications are being received, on a daily basis.

Unfortunately, some Registration Forms are incomplete, difficult to read, or the calculations are inaccurate, making them difficult to process. Please help us to record your details and requests are recorded correctly by double checking the forms before you send them off.

Many difficulties have been found in the creation of on-line registrations that can cover all of the complexities of accommodation requests. Consequently, On-line Registrations will not be available for this Conference. Registration and Accommodation Forms will need to be completed on the printed forms which can be downloaded from the Conference Website, [www.rotary9630.org/conference.html](http://www.rotary9630.org/conference.html) or obtained by an email to PDG Ailsa Hay, [haygrant07@bigpond.com](mailto:haygrant07@bigpond.com) or by phoning 3899 2246.

Clubs are asked to remember to Register their YEP Students with payment for Registration and Meals. Camping type accommodation is being arranged – they'll have to bring their own sleeping bag and pillow, and, if they have it, a camping mattress or similar, to supplement those that are already available.

Payment for all Registrations can be made by cheque, EFT, MasterCard or Visa.

Post your completed Registration and Accommodation Forms with total payment details to the Conference Registrar, PO Box 214, Mt Ommaney, Q, 4074.

Arrangements are being finalised for a Shuttle Bus Service, to and from accommodation, for Saturday Night's DG's Ball, Black Tie and Bling, so that you can enjoy the evening and dance the night away. The **COUNTDOWNS**, a band we know very well, has been booked to ensure a great time.

Confirmation of attendance has been received from Guest Speaker, Nozi Khanda. Blind since birth, has beaten all odds. Born, raised and still living in Zimbabwe, Nozi studied for her BA in languages at Melbourne University, during which time she spoke to a few Rotary Clubs in our District. More recently, she has worked as a translator, counsellor, rehabilitation consultant, and coordinator of management courses, empowering the blind of many countries in Africa. In 2008, she presented a paper on *'Accessible Technology for the Blind'* to the World Blind Union General Assembly in Switzerland.

More news next month, as plans develop.

I hope to see you, in Chinchilla, to **EXPERIENCE THE ENERGY!**
